Dear Family and Friends of PDAUSA-Diving and Gymnastics team members.

PDAUSA is a non-profit organization, which realizes partly on donations and fundraising. For the past couple of years we have tried to fundraise by putting a fee amount or Angels game amount depending on the level of your child's sport. We are very thankful for those who followed through with there 2007 obligation, but we still have many who have not committed specifically towards there child's fundraising obligation. The feedback we have received on working Angels game is not positive and has a very low attendance. We have decided to discontinue working angels games and paying for your fundraising. We are going back to running a show involving the whole gym in our fundraising endeavors. For those of you who have signed up for angels games we are asking for you to head up a committee for our 10 year anniversary show Oct.20 2007 instead of working angels games. We will be contacting you on the different areas that we will need assistance. For our families who have met your 2007 obligation we just ask for some small assistance with helping prepare for the show. For those who need to take care of their half instead of writing a check please assist one of the leaders of a committee to help us run a successful show. You can see the front desk for areas needing assistance. Our show will consist of all of pda members doing a circus show, silent auction with baskets, barbeque, popcorn, cotton candy, pie throwing contest, dunk tank, climbing wall, raffle with great prizes and much more.

Thank you for your continual support with PDA USA.
